**The Rt. Hon. Baroness Vere of Norbiton**  
Parliamentary Under Secretary of State  
Department for Transport  
Great Minster House  
33 Horseferry Road  
LONDON  
SW1P 4DR

Wednesday 20<sup>th</sup> July 2022

Dear Charlotte

**Major Road Network funding – Gallows Corner, Romford, Essex**

I am writing to express my support for Transport for London's (TfL) submission to the Department for Transport (DfT) for Major Road Network (M.R.N.) funding for a scheme in my constituency of Romford

I am pleased that TfL have decided to progress with the refurbishment and strengthening of the Gallows Corner Flyover in Romford, Essex and would like to offer my support for their submission.

The existing flyover at Gallows Corner was built in the 1970s and is in need of major repairs. TfL have assessed all options for its renewal and I am pleased that their proposed plans will ensure that there is a reliable structure in place for years to come.

Whilst I personally believe that a much more radical option should have been adopted, to construct an underpass similar to what has been built along the North Circular Road, I accept that there is no funding available for that option, so this is the next best thing.

I understand that TfL will be submitting their Outline Business Case over the summer and the final decision on whether the scheme will be taken forward rests with the DfT.

As the local M.P. for the area, may I request that my support for M.R.N. funding is taken into account when the DfT makes its determination regarding this important scheme.

Yours sincerely,

**Andrew Rosindell M.P.**  
Member of Parliament for Romford
